

The difference between

the Coomara Care Plan

and pet insurance, and why you need both.

The Coomara Care Plan focuses on preventative healthcare and has been carefully designed to help your pet have a healthy, happy life.

Pet insurance, on the other hand, provides financial cover for unforeseen illness and accidents - although it is important to note that the level of cover provided by different insurers/policies can vary enormously.

In crude terms, if you were to compare responsible pet ownership with owning a well-maintained car, the Coomara Care Plan is similar to regular servicing, and checking oil and tyre pressures.

Pet insurance covers unexpected events, similar to a car insurance policy.

Unlike car insurance, however, 90% of pet insurance claims are for illness as opposed to accident*. Data also shows you are more likely to claim on your pet insurance than your car or household insurance**.

As a Coomara Care Plan member, your pet will be regularly examined by one of our vets or nurses.

This maximises the opportunities for early diagnosis and treatment of conditions which might affect your pet's health and gives the best chance of a positive outcome.

This is why we strongly recommend that responsible pet owners combine Coomara Care Plan membership with a pet insurance policy.

You love your pet, and the joy they bring you - the companionship...

You want your pet to remain healthy for many reasons, and that companionship is just one of them.

But pets are different from you and I...

They can't tell you when they're feeling sick, and sometimes you can't see there's anything wrong either.

That's why, even more than you, they need regular check-ups. Early detection of any potential problems could save you facing any unnecessary worry or stress, and of course the additional costs that might accompany later treatment.

Money is not as important as health and happiness, but by joining our Coomara Care Plan you will make great savings on the annual cost of your pet's vaccinations, flea and worming treatments, plus many other benefits that will help keep them in tip-top condition.

EASY MONTHLY PAYMENTS BY DIRECT DEBIT

How do I join?

Joining is easy - just ask one of our receptionists today... it takes no more than a minute or two, and you'll have the peace of mind that comes with knowing your pet receives the very best in preventative healthcare.

How much does it cost?

Cat (any size)	£11.55 per month
Saving up to £32.74 per year
